

Senior Systems Engineer

Location: Norwich, Norfolk

Due to our ongoing expansion Blue256 now requires an additional Systems Engineer to work out of our Norwich office. Applicants must have experience in the following areas:-

- MS Windows Server – NT4 / 2000 / 2003
- Exchange Server – 5.5 / 2000 / 2003
- TCP/IP Networking – IP Routing / LAN / WAN
- System Backup – Veritas / Arcserve
- Windows Desktops – 2000 / XP / Vista
- Desktop / Server Hardware
- Active Directory / DNS

It is expected that applicants would have at least 3 years experience in installing and supporting these items in a corporate environment.

Email your CV to hr@blue256.co.uk

Closing date is Saturday 1st March 2008
